News Release

ANCOM CROP CARE PENANG SCHOLARSHIP PROGRAM Petaling Jaya – July 16, 2024

Applications for the Ancom Crop Care Penang scholarship program for the 2024 academic year are now officially open. Students can submit their applications from July 16 – October 7, 2024.

The scholarship is for students born in Penang. Students who are eligible and meet the criteria can now submit their applications online. The application forms are available at the ancomcropcare.com.my and ancomnylex.com websites.

Ancom Crop Care Sdn Bhd, a subsidiary of public-listed Ancom Nylex Berhad, launched a scholarship program for Penang-born students who are from financially underprivileged families in May 2023. The event was officiated by the Penang Chief Minister, Mr Chow Kon Yeow.

Additional information on the scholarship program, including eligibility requirements, is available on the company websites.

Students who have attained admission to any degree programme except Medicine and Dentistry, in any local government or private university may apply for the scholarship. Students who have submitted their applications for admission to a university for a degree program, but have not received their offer letters, may also apply, using their STPM or A Levels results.

University students who are currently pursuing courses in their 2nd, 3rd and final years are also eligible for the scholarships.

Successful scholarship applicants will receive a maximum of RM10,000 each for tuition fees over the duration of their courses.

Last year, a total of 14 students from various universities were awarded the scholarship. They received the awards from the Penang Chief Minister at an event held in January 2024.
